

Escape Fire, Home Invasion, or Other Dangers

Permanent Escape And Rescue Ladder

The Air Bag For the Home™

Can You and Your Family Escape?

Escape Fire, Home Invasion, or Other Dangers

Engineered
for repacking
and reuse!

Protect Your Family Today!

PEARL® - Permanent Escape And Rescue Ladder can be quickly and easily deployed in the event of a residential fire or other home emergency. The high-tech engineering and materials that go into PEARL make it the best choice to give you and your family peace of mind. Plus, the design of the product tastefully blends with any décor and can be easily painted or wallpapered to compliment your home's existing style.

Home decorators can paint PEARL any color to fit the room.

Why Choose PEARL?

- **The U.S. Fire Administration recommends** two ways out of every room. Until now, there has never been a reliable, easy-to-use solution for people in upstairs bedrooms.
- **PEARL supports 1,500 pounds**, allowing for more than one person to escape at the same time. In addition, it can support a firefighter in full gear to perform rescues.
- **PEARL is always where you need it, when you need it**, unlike a portable ladder that is stored in the closet or under the bed. In the event of an emergency, it is easy to find PEARL right beneath the window.
- **PEARL is child friendly with anti-slip rungs** and standoffs so that little fingers can easily grasp each step, and light enough for a child to use the ladder in an emergency.
- **PEARL is long enough to accommodate a** three-story home with a total length of 23'-8". With a two-story home, extra rungs should be removed during the installation process.

Recognition and Awards

Firefighters from all over the nation have high regard for this innovative life-saving product; including emergency workers who have witnessed deadly tragedy first hand.

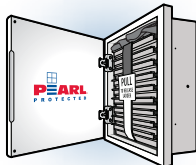

PEARL has received accolades from industry leaders including the *Home Safety Council's* Commendation Award for Product Innovation for Consumer Safety and the coveted MVP award from *Building Products Magazine*.

PEARL is designed to gently blend in with your home's style.
